(Please note you must own an Adobe Acrobat subscription)

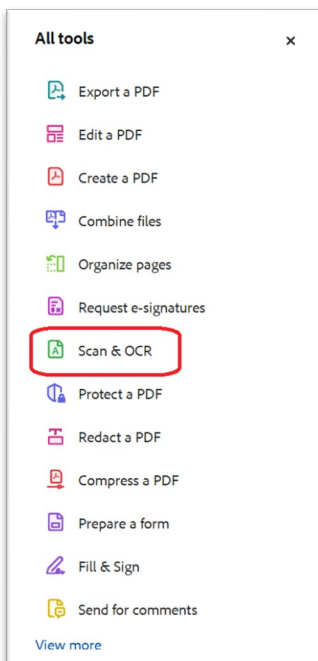

If you are experiencing this error:

 One or more of your uploaded documents is not text searchable as required by [CRC 2.256](#). We will attempt to convert your documents which may delay submission to the court. To avoid submission delays or rejection by the court, convert your documents to text searchable prior to uploading.

...your document must be OCR'd (Optical Character Recognition). This is the process of making your document text searchable for the courts.

To do this, follow these steps:

1. Open your document in Adobe Acrobat. 
2. Perform text recognition by selecting "Scan & OCR" from the All Tools menu.

3. Make sure to save your document once OCR is complete.
4. Re-upload your document into the LegalConnect portal.
